

ELLIS Doctoral Symposium #EDS2024

AI & Sustainability

26-30 August, 2024
Paris, France

Funded by
the European Union

elise

IP Paris

Leading engineering schools in France:

- École Polytechnique
- ENSTA Paris
- ENSAE Paris
- École nationale des ponts et chaussées
- Télécom Paris
- Télécom SudParis

Interdisciplinary institutes:

- Hi!Paris: Artificial Intelligence and Data Science
- Energy4Climate: Energy, sustainability and climate change
- CIEDS: Defense and security
- E4H : Engineering for Health

École polytechnique/x

Three pillars

- Education
- Research
- Innovation

AI Research

- Applied Maths and Computer Science dept.
- CV, deep learning, graphs, ...
- Generative models, robust AI, ...

Commitment to sustainability

- Specialized programs
- Energy4Climate Center
- International challenges

Facts

Undergraduate and graduate education

40% international students

Created in 1794

23 laboratories
520 faculty members

Notable professors

Lagrange, Cauchy, Monge, Ampère, Fourier

Research at Télécom Paris is supported by

- 160** Permanent teaching and research, and full research staff
- 238** PhD Students
- 70** Postdocs and research engineers
- 19** Chairs and joint laboratories

- **Chaire AI4I**
Airbus, Idemia, Renault, Valeo
- **Operational AI Ethics**
Interdisciplinary research group
- **Omega-X**
Energy data space to boost the European data economy

Built upon 5 unifying axes

Data Science and AI

Digital trust

Very large networks and systems

Design, Interaction, Perception

Mathematical modelling

Data Science and AI — ~45 permanent members and ~100 PhD and postdocs

S2A — Signal, Statistics and Learning

Foundations of Machine Learning, **Frugality**, **Trustworthy AI**, Statistics, signal processing and audio analysis, NLP

IMAGES — Image, Modeling, Analysis, GEometry, Synthesis

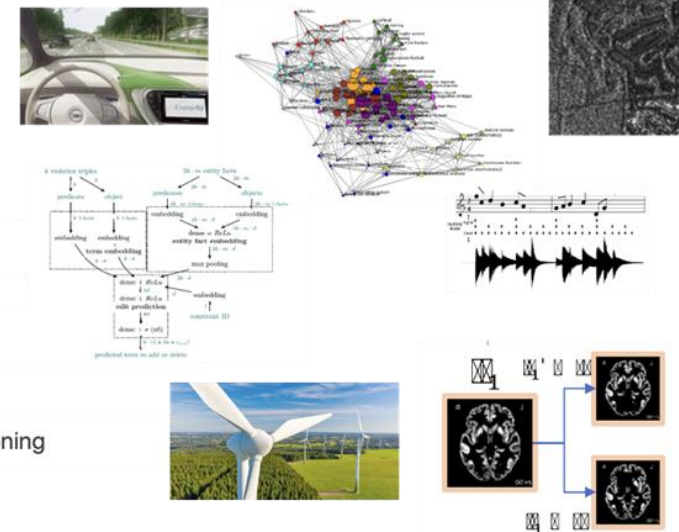

Learning, Pattern Recognition, 3D Interaction, Symbolic AI, Statistical image modeling

MM — MultiMedia

Multi-view image and video compression, rich-media scene representation, interactivity

DIG — Data, Intelligence and Graphs

Data mining, graph algorithms, information retrieval, knowledge representation and reasoning

Some Stats about our participants...

SPONSORS – Thank you!

Silver Sponsors

Bronze Sponsors

BAALBEK
management

NOVARTIS

Keynote speakers

Rita Cucchiara

Università degli Studi di Modena e Reggio Emilia, head of ELLIS Unit Modena

Learning, Unlearning, and Relearning

Devis Tuia

EPFL

Machine learning for Earth: monitoring the pulse of our Planet with sensor data, from your phone all the way to space

Gaël Varoquaux

INRIA Saclay

AI from tabular data to healthcare and society

David Rolnick

McGill University and Mila – Quebec AI Institute

Tackling climate change with machine learning: An opportunity for application-driven innovation

Caroline Therwath-Chavier

The Alliance

AI²: why Artificial Intelligence should be All Inclusive.

Industrial day (Tuesday)

Panel – Sustainable AI and AI for a sustainable world

Aurélie Boisbunon (Ericsson), Patrick Perez (Kyutai), Piotr Sankowski (IDEAS, NCBR), Vincent Feuillard (Renault) and Bruno Carron (Airbus)

Industry fair

AlForensics, JustAI, Novartis, Renault, Balbeek, G-Research, SLB, Hi!Paris

Innovation and entrepreneurship session

How to validate your startup idea ? – Arnaud de Moissac (DC Brain)
Thermodynamic challenges of HPC and AI – Rémi Bouzel (Qarnot Computing)

Social events

Welcome Cocktail: Today, from 3 to 5pm in the venue's courtyard

Gala Dinner: 27th, 7pm – Salons de l'Hôtel des Arts et Métiers (9 bis, Avenue d'Iéna, 75016 Paris)

Treasure Hunt: 29th, 16pm – Quartier Latin (11 Pl. Marcelin Berthelot)

(Everyone has been grouped in teams – see schedule for the list)

Supporting team (= who to ask questions to)

Just look for the black lanyards

ELIAS | elias-ai.eu seeks to establish Europe as a leader in AI research, advancing sustainable innovation and economic growth. By connecting academic researchers with industry professionals, ELIAS ensures that AI research promotes a sustainable future, strengthens societal cohesion, and upholds individual rights.

[elias_project](#)

[elias-ai-project](#)

elias-coordination@unitn.it

ELLIS | ellis.eu is a pan-European AI network which aims to secure lasting international leadership of AI made in Europe by connecting top researchers in this field and by creating a multi-centric AI research laboratory.

ELLIS has more than 1,000 members, 43 sites, 16 cross-national research programs and a pan-European PhD program.
